

Are you afraid of using health care services because of your immigration status?

Remember:

- The Public Charge Test does not apply to testing, screening, or treatment for COVID-19 (the coronavirus).
- The Public Charge Test will not apply to vaccines used by you or your family to treat COVID-19.
- A child's use of public benefits will not impact a parent's public charge test.
- Staying healthy and safe is important. Do not cut your or your family's public benefits before speaking to an attorney.
